

Silver Lining Stories

From one of our seniors who has been at home since March:

Over the last six months of “Home Vacation” it has been like a cloister.

I attend daily Mass three times a day on EWTN. I also do the same in praying rosaries.

I exercise by walking around the table during Hail Mary’s and meditate at the mysteries of the rosary. I also exercise by doing Tai-chi daily.

Every day I try to do a special project like baking muffins and cookies, pick berries and make jam. All for the honor of God and the Blessed Mother.
